## PRE-QUALIFICATION

Please be sure to provide the following documents:

- W2s (from the last 2 years)
- 1040 Federal Tax Returns (from the last 2 years)
- 2 most recent pay stubs
- 2 most recent bank statements (all pages)
- Copy of driver's license

## INFORMATION SENT TO YOUR REALTOR

I will send an email to your Realtor, explaining the program you are approved for, closing costs needed and any other details they may need to know.

## SEARCH FOR YOUR NEW HOME

Purchase Agreement (PA), is written (including all contingencies)

- You may decide to have your agent write the offer contingent upon inspection. Typically, you as the buyer, have 5-7 days to remove any inspection contingencies. You will hire an inspector who works exclusively for you to inspect the overall condition of the property and give you a detailed report of the condition of the home. If you should decide that any inspected items needs to be replaced or repaired, you have the right to ask the seller to fix it, reduce the price or cancel the purchase agreement all together.
- You also have the option to make the offer contingent upon financing. If for any reason, financing falls through, you are able to get your earnest money back.
- If you decide the home is acceptable in it's current condition, you may choose to remove the inspection contingency.

Purchase Agreement is accepted or rejected

- If your purchase agreement is accepted, you proceed to the financing step.
- If your purchase agreement is rejected, continue your search for finding a home.

## **OBTAINING HOME OWNER'S INSURANCE**

- Your insurance agent will need to know if you are going to establish an escrow account for your annual premium.
- You will need to complete and sign an application with your insurance agent and we will need a binder to finish the loan.
- A binder offers temporary insurance coverage for a stated period of time to complete underwriting and issue the policy.
- The first day of coverage will be the day of closing.
- A binder is like a receipt; it details how much coverage you've obtained and what your yearly premium will be.

## **BANK STATEMENTS**

Full account number, banking institution name and account holder(s) name(s) must be printed on the statement.

Bank statements must cover 2 months and transaction history must be shown.

Provide ALL pages of the bank statements (even if some pages are blank).

If you do not use online banking, your local branch can provide you with statements and transaction history. Make sure to have the banker sign and date-stamp all documentation provided to you in person.

If you hold a joint account and the other account holder is not on the loan, provide a letter from the other account holder “granting 100% access to the account”.

Be sure to reference the full account number on the letter and make sure to have it signed by the other account holder.

## **EARNEST MONEY DOCUMENTATION**

In order to receive credit for your earnest money, you will need to provide us with documentation that supports the withdrawal from your account as well as a copy of the earnest money check.

- If the withdrawal doesn't appear on your most recent statement, provide additional transaction history from the end-date of your most recent bank statement through the current history.

## DOCUMENTING LARGE DEPOSITS

Even if the deposited funds will not be used to close your loan, we still need to verify all accounts opened within 90 days of your loan applications and account balances that are considerably greater than the average balance reflected on your account statement.

All deposits over 15-25% of gross monthly income must be verified

- If the deposit was a check, please provide a copy of the cancelled check.
- If the deposit was cash, provide a copy of the deposit slip.
- If the deposit was a combination of cash/check or you deposited a check and received cash back, provide both the cancelled check and deposit slip copies.

## GIFT FUNDS

Gift funds (from an acceptable donor) can be used for down payment and closing costs. If you are to use a gift, we are required to document the gift with a gift letter. We will provide the gift letter, which will be signed by the donor and borrower stating the donor/borrower relationship and that no repayment is required.

If you have already deposited a gift fund into your account:

- The donor must complete and sign the provided gift letter as well as provide a bank statement that documents the gift of funds.
- Recipient of the gift must provide a bank statement or transaction history showing the deposit.
- No gaps are allowed in transaction history. If you are providing a printed statement, it must continue from the most recent date of transaction history provided.
- Remember that you must sign the gift letter as the receiver of the gift fund.

If your funds have not been deposited yet:

- Instruct the donor to wire the funds to the title company and obtain a statement showing the wire is completed.
- Have the banker complete the bottom portion of the gift letter (additional documentation may be required depending on the loan type).
- We will obtain proof that the wire has arrived at the title company. The account number must match the account number on the gift letter.

## INCOME

Do not change or quit your job during the loan process; the processor will verify your employment at the company listed on your application before closing.

Do not change the way your income is received. For example, if you were paid as a W-2 employee and you switch to being paid as a 1099 employee, different forms of income will be calculated differently. Altering the way you are paid could reduce the amount of income we document.

## W2 INCOME

Pay stubs must reference:

- Full name
- Employer's name
- Pay period
- Year-to-date earnings

## SELF-EMPLOYMENT

You are required to provide your 2 years' most recent business tax returns (all pages and schedules) and the following if applicable:

- 2 years' most recent personal returns if filed separately
- All K-1s
- Year-to-date profit and loss statement

We may request a signed acknowledgment letter from your CPA confirming that you have filed as self-employed for the past "X" amount of years on your tax return.

## SOCIAL SECURITY

Provide your most recent awards letter detailing monthly income. If you don't have this on file, call the Social Security Administration to request a copy via mail.

# Financial information

---

## DISABILITY

Provide most recent awards letter, detailing monthly income. The letter must state that you will receive disability income for the next 3 years minimum.

## CREDIT

Do not take out any new debt or apply for any new credit during the process

- The underwriter will check your credit before granting final approval on your loan; You will need to explain any new changes to your credit. This could jeopardize your closing date, as underwriting will want the loan to be re-submitted with an explanation letter (1-2 day process).
- Opening any new credit is discouraged, as it could affect your credit score in negative ways and could cause your loan to be denied.
- It is ok if your home owner's insurance agent needs to pull your credit.

A letter of explanation is required for any derogatory credit: late payments, collections, bankruptcy, foreclosure, credit inquires, etc.

Student loans cannot be in forbearance status.

Accounts cannot be in a disputed status.
